**STYLE OPTIONS**

**NEW ENGLAND**

The evolution of the New England 2-story house was a logical progression from the first two-story, one-room house through the Saltbox silhouette to the New England Large House.

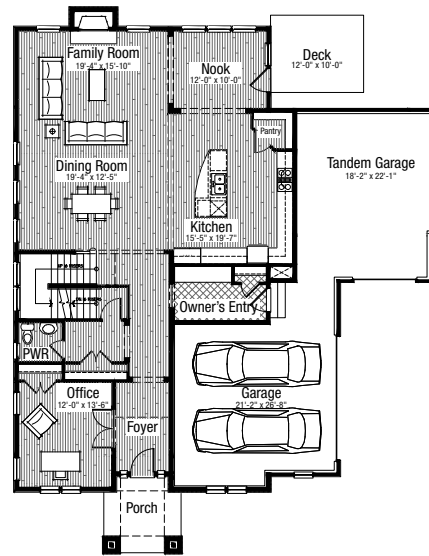

**FRENCH COUNTRY**

The French style captures a romantic and picturesque architecture found in Tudor and Norman country areas of Europe.

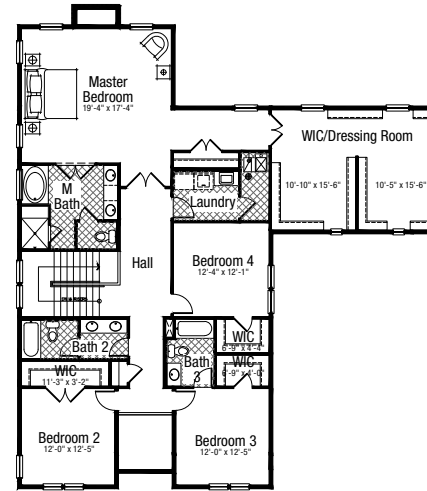

**NORTH SHORE**

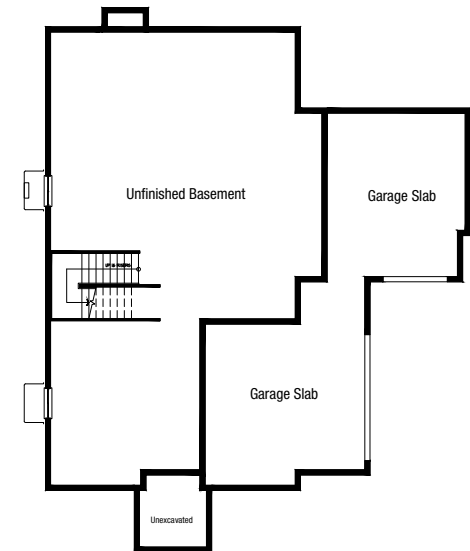

The quintessential home of Chicago's North Shore is influenced by 15th- and 16th-century English architecture or Georgian colonial architecture of 18th-century America.
